LEGISLATIVE LORE AND LINGO

Sayings and Doings of the Solons at
the State Capital

(From the Metropolis)

Tallahassee, April 4.—In the senate
yesterday nineteen bills were intro-
duced, and nine resolutions were of-
fered, all of which went over under
the rules.

The only measure passed was the
resolution introduced by Mr. Adams,
providing for a committee on the re-
districting of the state.

Mr. MacWilliams offered a con-
current resolution, appointing a com-
mittee of seven, three from the senate
and four from the house, to provide
for relief of the supreme court. The
same resolution was presented in the
house Tuesday by Mr. Palmer, of Or-
ange, and was passed in the house
today.

The house did not meet until 3 p.
m. yesterday, and the speaker not be-
ing ready to announce the committees
relinquished the chair to Mr. Zewad-
ski, and resumed his labor on them.

Whenever the question of money
comes up in the house, up comes Mr.
Wall, of Putnam. He makes the origi-
nal man who came from Missouri
look like 30 cents.

Mr. Zewadski's qualities as presid-
ing officer came out strongly yester-
day. He knows the rules, is quick to
decide, and insists upon order being
preserved.

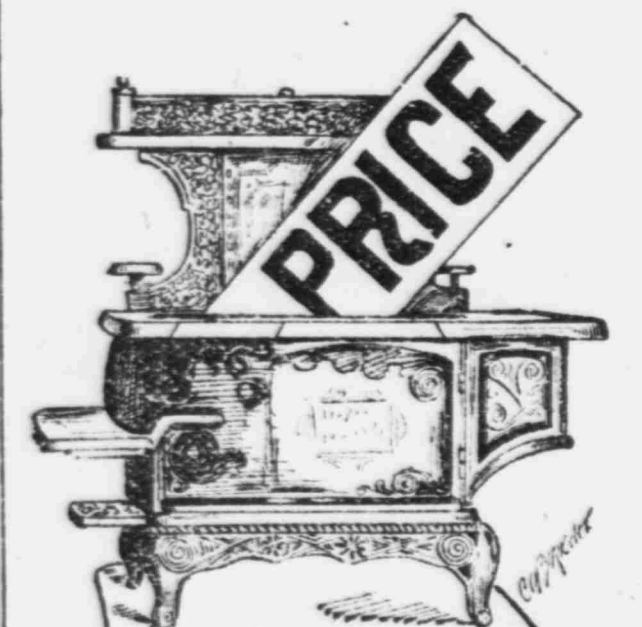

The members from West Florida
disclaim any idea of seceding, and are
ready to fight if called Filipinos. All
they want now is the third congress-
man, and are ready to promise to be
good. C. Moreno Jones, of Escambia,
is a candidate for this position. His
friends started his boom today.

The governor has an office in the
Leon Hotel, and keeps the latch string
on the outside of the door, in reach
of the hand of the humblest citizen.

Broward's resolution to redistrict
the state was introduced today, but
went over until tomorrow. Two bills
against pistol toters were introduced.
Mr. Zewadski introduced bills for re-
districting the state and taxing tele-
graph companies. Mr. Henry intro-
duced a resolution, asking congress
for a ship canal across Florida.

In the Senate

In the senate in a two hour session
twenty bills and many resolutions
were introduced. An important res-
olution was that introduced by Senator
Carson to accept Mr. Flagler's offer to
the State Agricultural College and
appropriating \$2500. Senator Crill
filed a report of the committee of last
session on convict camps and offered
a bill changing the system. A resolu-
tion for improvements to the capitol
building was also introduced. Mr.
Palmer's house resolution about the
supreme court was adopted. Both
houses then adjourned until 10 o'clock
tomorrow. The state executive com-
mittee met this morning and there
was much discussion about holding
primaries. A primary was ordered in
the first judicial circuit for state's at-
torney.

bad shape that messages could not

Mr. Monroe Marsh, who has been
working at Green Cove Springs for
nine months, is visiting his mother

Mr. Guy Lang, while operating a
cut-off saw a few days ago, came near
losing his foot. Fortunately the sole
of his shoe stopped the saw in time
to save his foot.

Much sympathy is expressed here
for the editor of the Weekly Star, Mr.
C. L. Bittinger, on account of his ac-
cident. We trust he will soon be out
again and hustling as usual.

The farmers of this section are
about through planting. There is
more cotton and cane planted this
year than usual.

CANDLER

Unprovoked Shooting of Robert Thom-
as by Rich Holmes

Robert Thomas, of Lowell, was shot
recently by Rich Holmes, the son of
Rich Holmes, of Lowell. Thomas had
been working at Dunnellon and had
just got off the train. He was walk-
ing along the railroad with Mallie
Jones. Young Holmes walked for
some time with Thomas and drew his
pistol and shot him. The girl says
Holmes came near shooting her, too.
Drs. Billingsley and Wilson have ex-
tracted the ball, a 38 caliber, which
entered the side about the third rib
and ranged downward, lodging some
two inches short of the spinal column.
Apparently there is no danger of a fa-
tal result.
